To

Honble. Thiru Edapadi Palaniswamy
Honble. Chief Minister
Govt of Tamil Nadu

Respected Sir,

Sub: DESIGNATED FEVER & RESPIRATORY CLINICS IN SPECIFIC LOCATIONS

Greetings from Indian Medical Association Tamil Nadu. At the outset we appreciate the Dynamic way by which the Govt of Tamil Nadu is handling the situation of this dreadful Pandemic of COVID-19 under your able leadership. IMA with more than 38,000 Doctors and 4500 hospitals spread across the State will stand behind your venture of the 'STOP CORONA' We wish to present the Govt 3 Tier system of handling COVID Patients. In the vove of increasing No of cases and identification of Red Zones with containment zones we appreciate and congratulate for Identifying designated Tertiary Care Hospitals with adequate facilities at all districts to handle 'SARI' and Severe Cases.

The Second Tier Hospitals have been identified which we prefer should also be dedicated COVID-19. Tier II Hospitals which will admit and handle mild to moderate COVID-19 cases.

Our concern is if Community out break occurs guess of Symptomatic patients will appear who's immediate contact will be either a PHC/Family Physician / General Practitioners or hospitals nearby, which will lead to
(a) Community spread from each and every primary care clinic they visit.
(b) Spread of Infection to all the Health Care Professionals where they visit these by they will be the source of Infection spreading to other normal patients who visit them.
(c) En mass exposure of all the Health Care Professionals in an area will make them to go for Quarantine at the same time which will lead to collapse of entire health care system and subsequently will increase the case load to Secondary and Tertiary COVID Case Centers.

The mistakes the Italy, Spain have done is they did not have the designated Covid Case Centers which lead to massive Community Spread.

To prevent this situation we present to your highness the concept of Designated 'Fever & Respiratory' Clinics in specific areas in the district with high positive cases, where in we can pool all the cases with Fever & Respiratory symptoms
