Dear colleagues,

I am really happy to greet you all through this very special edition of our TIMA Newsletter, as this is our last edition in our term. I am very fortunate to have worked under two State Presidents, Dr. P. Senguttuvan and Dr. K. M. Abul Hassan, who have been not only great leaders but also very pleasant people to work with. They have guided us, given us a free hand to work, and constantly supported us in every way. I must also mention my dear Finance Secretary, Dr. S. Gowri Shankar, who has always been supportive. I personally thank our Immediate Past President, President, President Elect, Vice Presidents, Joint Secretaries, Assistant Secretaries, and all the Office Bearers of the wings and schemes, and all the standing committees, Past Presidents, and all our fellow members for their guidance and support. My special appreciation goes to our office staff in Chennai and Coimbatore for their continuous support.

I am happy to share that, as Secretary, we made multiple representations to the government in the last two years along with my team, and impressed upon the fact that the majority of hospitals in Tamil Nadu are small and medium-sized OPD centres, which contribute to more than 80% of the entire

healthcare infrastructure in our state. These representations have enabled us to achieve many important outcomes and have paved the way for us to represent on various government committees related to healthcare. We have also succeeded in obtaining representation of our IMA lady members in the enquiry committee concerning any lady doctor — a landmark achievement that helps de-stress lady doctors facing enquiries in the government.

I thank the officials, especially our Health Secretary, DMS, Mission Director Dr. Arun Thamburaj, Dr. Meenakshi Sundari, and many other officials both in the Secretariat and across offices who have understood our concerns and supported us in pursuing the right things that healthcare richly deserves today.

One of the landmark achievements is the latest Minimum Wages G.O., which was issued in May 2025 following our collective representations in various committees. This had been pending for a long time and has now reached a logical conclusion; it will not only make healthcare more sustainable but will also ensure reasonable wages for the healthcare workforce. I personally thank everybody involved in the representations that made this possible.

Another very important achievement is the latest Fire G.O., which enables us to obtain a licence for three years and has simplified many aspects, including third-party certification. Kindly go through the orders and also the order

we received in 2022, which does not mandate a ramp for hospitals constructed before that date.

The Insurance Summit we conducted had a large impact and has brought us into further negotiations with insurance companies. I appreciate Dr. A. K. Ravikumar, who was instrumental in the costing study and in preparing the costing template. My appreciation to the NHB Office Bearers, especially Dr. Rangaraj, for travelling with me to various forums. We represented our concerns to the General Insurance Council, and because of our representation we have obtained a grievance redressal forum in our state on certain aspects, which is undergoing continuous improvement. We also represented to IRDA officials in meetings in Mumbai and Bangalore and participated in the Insurance Summit conducted by the CII in Bangalore. We have given representations to the Government of Tamil Nadu to increase the CMCHIS rates and have insisted that it be done using a scientific format. The same representation has also been forwarded in national forums.

We participated in the Ayushman Bharat Digital Mission meetings held in Coimbatore and Chennai, and raised our concerns regarding data security and the way forward.

We responded to several crises faced by our member hospitals, and I personally thank the Branch Presidents and Secretaries who represented crises at the branch level and managed to bring the culprits to account under Act 48. My sincere appreciation to all of them.

We represented to the government the problems faced under the PCPNDT Act and have also raised concerns about certain provisions where we experience harassment.

In association with the Tamil Nadu Medical Council and our IMA AMS, we are developing standardisation of case sheets along with specialty organisations. We appreciate Dr. Muruganathan, Dr. Siva Rama Kannan, and officials of TNMC, together with our AMS

Chairman Dr. Rajesh Babu, for taking this forward.

We had a series of meetings with our DMS and JD (Acts) on CEA issues, and had an important meeting where it was agreed to prepare for decriminalisation of various clauses — work that is currently underway.

Another landmark achievement is the digitalisation of membership payments — from life membership to all the wings and schemes. This has revolutionised the payment process and made it very convenient for our members to make UPI payments and use net banking. I personally thank all the wings and schemes, Secretaries, Finance Secretaries, and office staff for accepting and implementing this change for the benefit of our members.

We have addressed all GST notices. We have started to pay TDS and have completed TAN number registration. Thanks to our Internal Audit Committee members, especially Dr. R. Gunasekar and Dr. A. K. Ravikumar, for their continuous scrutiny, which helps us function effectively and streamline our accounts. My special thanks to our Finance Standing Committee Chairman, Dr. B. Sridhar, for meticulously reviewing the accounts, and to all FSC members and invitees for their contributions in the interest of IMA.

The election software was upgraded, and for the first time we have created a separate WhatsApp Business account where all members will receive messages regarding elections and important matters for circulation from IMA. This has increased voter turnout, as is evident in the current election. This has also become a mechanism for all the wings and schemes and for IMA to circulate important information to our members' benefit through WhatsApp.

We have also developed a database integrating NHB, PPLSSS, and FSS membership district-wise and branch-wise, so that district coordinators can contact non-

members and help them become members for the growth of our schemes and wings.

We represented IMA to the Tamil Nadu Tourism Development Corporation regarding medical tourism at their event in Chennai, stressing that many hospitals outside Chennai are capable and willing to cater to medical tourism. We requested a more horizontal distribution across the state for medical tourism opportunities.

We have represented in all NHM meetings, and I personally thank Dr. Arun Thamburaj, Mission Director, for the deliberations and for making IMA part of all the meetings. IMA is now part of the Transplant Committee and CTCL (Clean Tamil Nadu Company Limited) under Dr. Uma IAS with regard to solid waste management. We are also associated with the Bureau of Indian Standards, which is in the process of standardising hospital bills, and we are exploring other ways to standardise small and medium hospitals.

Last year, we had many landmark programmes like the Jeevan Program, which was inaugurated by our Honourable Chief Minister. This project was a brainchild of Dr. K. M. Abul Hasan; under Dr. P. Senguttuvan it was expanded to attempt an India Book of Records entry by adopting the entire village P. Ramachandrapuram. My appreciation to IMA Sivakasi for conducting the training program and to RK Charitable Trust for sponsoring the event. We also launched the Doctors Citizens Forum in Chennai and in various branches across the state. Aatral, AASAN, BEACON, walkathons, and other initiatives were all very successful.

I appreciate the local branches who hosted the State Council Meetings in the last two years, and those who hosted our FSS, PPLSSS, NHB, AMS, CGP, drug awareness programs, and all the events conducted by the wings, schemes, and standing committees of IMA Tamil Nadu Branch.

Our guest houses in Teynampet and Chetpet have been renovated — thanks to Dr. Saravanan for overseeing the process and PPLSSS for the finances. Our dream of purchasing property for our headquarters is in progress, and we hope this year or next we will be able to secure our own property in Chennai. I thank the Property Purchase Committee members for their continued support. The defamation suit against those who are demeaning IMA and FSS is also in progress as per the advice of our Executive Committee.

My sincere thanks and appreciation to our advocate, Mr. Anand David, for his continuous support and availability whenever we sought clarifications and legal support, which he has provided despite his busy schedule.

There are a lot of challenges in our practice, and I am really thankful that God gave me the opportunity to serve as Secretary for two years. This role allowed me to represent issues and understand their gravity, so that collectively we can work to make things better for the next generation entering our profession.

Last, but not least, I personally thank my wife, mother, and daughter for loving and supporting me while I dedicated priority time to the activities of IMA over the last two years.

I am enclosing a brief list of important monthly events in which I participated during my term for your reference.

I thank each one of you for giving me this wonderful opportunity to serve you as your honorary state secretary, and I hope that I have done justice to the confidence you all entrusted to me. My gratitude to all the leaders and members who gave unconditional support in all our ventures and activities.

United we stand, divided we perish.

Long live IMA.

With warm regards & ever in your service,

Dr. S. Karthick Prabhu

Secretary, IMA Tamil Nadu Branch

Respected IMA TNSB Leaders and members, Greetings.

This is the last Paramedical report for TIMA Newsletter as a Chairman/Secretary/Joint Secretary for year 2024-2025. We had been uplifted the paramedical courses in terms of academic, no. of Institutions, No. of students etc. Around 170 registered Institutions are with us, out of which around 100 institutions have enrolled 2100 students for the year 2025-26. To improve the quality of the training, we have introduced the online classes in every Thursday between 1 pm to 2 pm. The experts, Eminent Principals/Faculties used to take the class. The two Term tests and a model exam is conducted to make the students to thorough their subjects taught. The required study materials were supplied without fail. The faculties have been instructed to take the class as per the Term plan prepared and supplied. Every institute have to follow the term plan for the teaching and to conduct the term test/Model test etc.

The existing Institutions, which were due for renewal were inspected and issued accreditation. Newly approved institutions were also issued with accreditations.

Every Institute should have trained regular faculties. It is observed that few institutions have inadequate faculties and the students have

suffered without proper training. IMA TNSB is finding difficulties even to contact the contact person for any administrative reasons. The Institution/Contact person should have a contact with IMA TN Paramedical Wing through phone and WhatsApp.

The Hospital applying for a Paramedical course should have updated Nursing home board certificate and min. 20 beds vide Clinical Establishments Act Certification. The Doctor in-charge of the paramedical programme must be a member of IMA. The seats allocated is normally 1/3 of the bed size and the recommendation of the inspecting officer and the facilities available.

It is instructed that every Institute should attend all the online class, irrespective of the subject taught. It is expected, the class teachers/ faculties to encourage the students to concentrate the class and respond to the staff taking class and not to disturb the class during the lecture. Please keep the audio visuals (Computer/Laptop/LCD etc.) and broad band ready with good signal strength.

The Convocation for the passed-out students was held on 16th November at IMA Hall Coimbatore. Earlier, in the morning 11 am, Dr. S. Nehru, Chairman Paramedical Wing was reviewed the paramedical institutions and

advised the faculties to follow the IMA TNSB Paramedical norms and teach the students properly. In the afternoon 3.00 PM the Convocation ceremony commenced with the students' holding candles on and marched to the Ceremony Hall. Chairman Dr. S. Nehru welcomed the VIPs gathered on the stage and the participants on the hall. Lot of students and institutions were participated the ceremony. Paramedical Secretary Dr. V. Saravanan narrated the list of events for last two years and requested the State office to give due importance to grow further. State President Dr. P. Senguttuvan was the chief guest who advised the students to serve the community with patience and care. Hon'y. State Secretary Dr. S. Karthick Prabhu encourage the students serve well and wished them success. State President issued certificates to the passed-out students. The top scorers and the best performance institutions were honored. There was a cultural programme by the paramedical

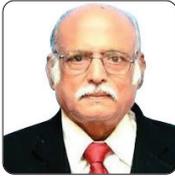

students at the end of the Convocation ceremony.

NHB Hospitals are encouraged to start the Paramedical courses to fulfill their requirements of Paramedics in their hospitals. Any IMA branch by pooling their clinical resources together and having common academic teaching institution can also apply to start Paramedical courses. The fee collected are very minimal, so as to support the poor students' able study these professional courses and stand on their own feet. For more details one can visit our website "imatnparamedical.com" or contact the State office.

We will be completing our tenure by 13.12.2025. It was a very good tenure we could get all the support from the members, Institutions, Hospitals and IMA Presidents and Secretaries. Thanking you all.
